Hunton & Williams Attorneys Highlighted in Chambers UK Guide

Hunton & Williams is proud to announce that four firm attorneys are listed in the 2008 edition of *The Chambers UK Guide*. In addition, the firm is highlighted for its work in the following practice areas: Corporate & Finance, Data Protection, Outsourcing, Information Technology, Energy & Natural Resources, Energy: Power, Restructuring/Insolvency.

To compile this year's listing, research into the strengths and reputations of lawyers and law firms was conducted through interviews with a vast range of lawyers and their clients. Forty full-time researchers completed the extensive research over a period of 6 months. Firm practices and individual lawyers were ranked on a scale of 1-6, with 1 being the highest rating. Qualities assessed included technical legal ability, professional conduct, client service, commercial awareness/astuteness, diligence, commitment and other qualities most valued by the client.

"Hunton & Williams is honored to be included among the excellent firms recognized this year by Chambers UK," stated Hunton & Williams Chairman Thurston R. Moore. "Knowing that the results were lawyer and client-driven makes the honor even more significant."

Martin Thomas, managing partner in the firm's London office, added: "We are committed to strategically growing our international practice and are delighted

to receive recognition for our efforts in Chambers UK."
